Dear Colleagues,

The [IFALPA Daily News](#) is now available online.

Here are today's top headlines. To read more, click on the title:

[AI schedules to be hit as pilots oppose last-minute fly plans](#)

Trouble is brewing in Air India. Pilots flying narrow body planes have begun to rebel against routes being assigned at the last minute.

[Threat of Christmas chaos as Cathay pilots and crew ponder strikes](#)

Cathay Pacific is facing mounting pressure from both pilot and cabin crew unions to prevent industrial action over the busy Christmas season.

[American Airlines unveils new system for pilots to avoid turbulence](#)

American Airlines is using a new turbulence detection software to help their pilots avoid bumpy patches of air.

[Lufthansa ends code-share deal with Turkish Airlines](#)

Lufthansa has announced it plans to terminate their codeshare agreement with Turkey's flagship carrier, Turkish Airlines, by March 2014, saying the agreement no longer makes commercial sense.

[Airbus aims to overtake Boeing in Latin America](#)

Airbus aims to have more airliners operating in Latin America than its rival Boeing for the first time next year, the European company's senior executive in the region said.

[Laser lights shone at nine planes](#)

Police have launched an investigation after lasers were shone at aircraft landing at a busy airport.

Latest IFALPA Publications

[14POS22 – Engine-out taxi](#)

IFALPA acknowledges that one or two engines shut down can help to reduce noise, emissions and fuel use during taxi-in and taxi-out.
